

## DIRECT LINES TO VIENNA CITY CENTRE

**OBB Railjet:** in just 15 minutes from Vienna Airport to Wien Hauptbahnhof (Central Station)

Every 30 minutes, the ÖBB Railjets connect the two stations **Vienna Airport** and **Wien Hauptbahnhof**. ÖBB Railjet trains are a rapid (about 15 minutes travel) and comfortable service between **Vienna Airport** and **Wien Hauptbahnhof** (Vienna's main train station) where you can change to connecting lines (underground, long-distance and local services).

Railjet trains also offer attractive direct connections from VIE to other Austrian cities like St. Pölten, Linz, Salzburg, Innsbruck and Graz.

**OBB 7 Suburban trains:** a perfect way to connect to Vienna's underground metro lines

With the ÖBB suburban train S7 you travel fast and safely from **Vienna Airport** to **Vienna**. The services connect the airport up to four times an hour with the Viennese underground network. This suburban rail network offers connections to a wide range of other underground stations in Vienna (e.g. at stations Wien Mitte, Wien Praterstern, etc.).

### Facts & figures about Austrians and ÖBB – Austrian Federal Railways

- Austrians are the EU's most avid rail travellers. And they know why.
- Every year, Austrian Federal Railways (ÖBB) carry about 460 million travellers to their destinations, safely and in an eco-friendly manner. This is the equivalent of 9,000 sold-out football stadiums (e. g. Austria's Ernst Happel Stadion, located close to the "Prater" (Vienna's vast amusement park)).
- These 460 million passengers cover about 11.3 billion kilometres annually by public transport. That equals circa 38 round trips to the sun.
- ÖBB owns Austria's largest bus company, ÖBB Postbus GmbH, which operates Vienna Airport Lines.
- An ÖBB "Railjet" train weighs 446 tonnes. This corresponds to the weight of about 83 Asian elephants.

### What makes Austrian Federal Railways (ÖBB) special? We are ...

- reliable and on time.
- devoted to cleanliness: Our trains are cleaned at least once a day. The train toilets are cleaned up to 7 times a day. And photographs of Austrian landscapes embellish the toilet walls.
- systemically integrated: Train and bus timetables dovetail perfectly.
- constantly updating our fleet: new trains, better WiFi, improved schedules, etc.
- using one of the most advanced sales distribution channels in Europe – the so-called "ÖBB Ticket Shop".
- transparent: Every passenger can book the entire public transport portfolio via the "ÖBB Ticket Shop".
- international: The number of cross-border trains is well above EU average.
