Where can I leave my luggage?

There are a sufficient amount of lockers at your disposal at the train station, to store your luggage. For security reasons, we kindly ask you not to leave your luggage unattended in the lounge. We hope you understand that we cannot assume any liability or guarantee for luggage or personal belongings, which are left behind. Our staff at the ÖBB lounges is also not able to keep an eye on your luggage or assume any other responsibility in this respect. Due to a lack of space, please do not take any luggage carts into the lounge.

What goes against the conditions of use?

In order to make your stay in our lounges as pleasant as possible, being considerate to others is particularly important.

Please observe:

- Please neither remove newspapers or magazines nor beverages and snacks from the lounge. You can purchase provisions and reading material for the rest of your journey in the shops located at the train station.
- Please try not to disturb other passengers with loud discussions, phone calls or other activities.
- It is not permitted to consume food and beverages brought into the lounge.
- All ÖBB lounges are non-smoking areas. Please respect the smoking ban.
- Pets may not be taken into the ÖBB lounges. Assistance dogs or small pets in pet carriers are an exception as long as other guests are not bothered.
- Unfortunately, there is no room in the ÖBB lounge for bicycles unless you are transporting the bike in the train packed as a piece of luggage.

If you do not use our lounges for travel purposes, consume out of the ordinary amounts of food and beverages (in particular, alcoholic beverages) or behave improperly, this violates our conditions of use and can lead to permanent exclusion.

Do you have any more questions? Our staff members are more than happy to be of assistance.
