A.2. Area of validity

A.2.1.1.1. These Conditions of Carriage govern the conclusion and implementation of contracts of carriage between you as passengers and us. They apply to the carriage of passengers, their animals, luggage and bicycles on our trains on domestic routes within Italy, as per Section E.2. [→ 34].

A.2.1.1.2. For cross-border trips, please refer to the generally applicable international conditions of carriage and fare conditions SCIC-NRT and GCC-CIV/PRR which can be found at www.oebb.at (international rates).

- A.2.1.1.3. Our Conditions of Carriage and Terms of Use for tickets in accordance with Section B. [→ 22] also apply to buses identified as rail replacement services. These buses replace our planned train services if these are unable to run, e.g. due to construction work or service interruptions.

A.3. Travelling on our trains and buses

A.3.1. Tickets

A.3.1.1. Contract of carriage

- A.3.1.1.1. In order to travel on trains operated by ÖBB, you need a valid ticket. This is the proof of your contract of carriage with us, and the basis of your rights and obligations before, during and after your journey. Please check immediately after purchase that the ticket corresponds to your travel requirements.
- A.3.1.1.2. The contract of carriage is concluded in one of the following situations:
- Your ticket is handed over or sent to you
 - You click on “Complete ticket purchase” on tickets.oebb.at or within the ÖBB app.
 - You buy your ticket from one of our sales partners
- If you book your trip via tickets.oebb.at or the ÖBB app, you must ensure that you receive your ticket prior to departure in one of the following forms:
- PDF ticket to print yourself
 - Mobile phone ticket for display on your smartphone within the ÖBB App
 - Ticket pick-up at an ÖBB ticket machine or an ÖBB ticket counter in Austria
- A.3.1.1.3. If you purchased your ticket on a timetable basis and the departure and arrival times of your chosen train change, we will inform you about the changes via all the information channels available to us.

A.3.1.2. Tickets for long-distance and night trains

- A.3.1.2.1. On long-distance and night trains, you can also buy your ticket from our staff on the train. Please inform our staff immediately and without being asked that you need a ticket when they come around for a first ticket check. Otherwise, you will not be travelling with a valid ticket. Please note that you pay the on-board price when purchasing the ticket on the train. This consists of the fare and a service fee, as specified in Section E.1.1. [→ 33].

A.3.1.3. Tickets linked to specific trains

- A.3.1.3.1. Tickets linked to specific trains are only valid on the trains for which they were purchased. You can only travel on the trains indicated on the ticket. The ticket is not valid on any other train. The restriction of the validity to certain trains can be found in the Terms of Use for the tickets in Section B. [→ 22].
- A.3.1.3.2. We cancel the limitation to a certain train if the use of the original connection is not possible because:
- the train was cancelled,
 - you miss your connecting train due to a delay or
 - the train can only be boarded with a reservation because it is too full.
- Our train attendants will confirm the cancellation of the limitation to a certain train.

A.3.1.4. Ticket inspections

- A.3.1.4.1. Please keep your ticket safe – it may also be checked any time after your journey, until you have left the platform access.
- A.3.1.4.2. We inspect tickets manually or electronically by scanning the QR code. During a ticket inspection, you show your ticket and, upon request, also your proof of identity or your discount card to our staff.
- A.3.1.4.3. In order to prevent fraud, we randomly collect tickets to verify their authenticity. If you are ever subject to such a collection of your ticket, we will issue you with a replacement ticket, which is then your valid ticket and also serves as a confirmation of collection.
- A.3.1.4.4. If you are travelling with an invalid ticket or an invalid discount card as per Section A.3.2.1.1. [→ 8], we will also collect it. In this case, you are considered a passenger without a valid ticket and will be subject to a penalty fare.

A.3.1.5. Where can you buy our tickets?

- A.3.1.5.1. You can obtain the tickets for our trains from the following points of sale:
- ÖBB ticket counter
 - at tickets.oebb.at
 - ÖBB ticket vending machine
 - Customer service +43 5 1717.
 - ÖBB app
 - From agencies selling ÖBB tickets
 - From the staff on our long-distance and night trains
 - From one of our sales partners
- A.3.1.5.2. You can obtain the prices for our tickets in our electronic sales systems, at ÖBB ticket counters or from our customer service at +43 5 1717.
- A.3.1.5.3. Please keep your ticket safe. In the event of a loss, we can only replace tickets issued in your name at an ÖBB ticket counter. Unfortunately, we cannot replace other tickets, even if you have an invoice for them.
- A.3.1.5.4. Please note the following regarding the issuance of replacement tickets at an ÖBB ticket counter in Austria: ÖBB tickets issued on security paper at an ÖBB ticket machine or an ÖBB ticket counter can only be reissued upon presentation of confirmation of an official loss or theft report. This is due to financial and tax law regulations.

A.3.2. Passengers without a valid ticket

A.3.2.1. When is your ticket invalid?

- A.3.2.1.1. Your ticket is invalid if
- the use does not comply with the fare conditions as per Section B. [→ 22], especially if the validity period of your ticket has already expired,
 - the content was changed, e.g. change of date or photo,
 - the ticket was suspended due to a qualified delay in payment and
 - the ticket cannot be checked for validity due to its condition.
- A.3.2.1.2. Your ticket is also invalid if
- your ticket has not yet reached its validity period,

- your ticket is only valid in connection with an ID card, which is not presented or is invalid.

A.3.2.1.3. Your ticket will be retroactively invalidated if you reverse its purchase in the ÖBB app using the “undo” function, despite demonstrably having used it.

A.3.2.2. Penalty fares

A.3.2.2.1. If you travel with us but cannot present a valid ticket, you will be subject to a penalty fare, as specified in Section E.1.2. [→ 33]. You will then receive a receipt in the amount of the penalty fare from our staff. With this receipt, you will be allowed to remain on the train and travel in 2nd class to your destination station, however no further than the last stop in Italy.

A.3.2.2.2. You can pay the penalty fare either immediately on the train to our employees or at a later point in time. If you pay the penalty fare at a later point in time, it is increased by the processing fee specified in Section E.1.3. [→ 33]. In this case, you need to present your photo identification card including proof of age to our employee. They will then record your data and address.

A.3.2.2.3. We will subsequently charge you a penalty fee as per Section E.1.2. [→ 33], as well as a processing fee as per Section E.1.3. [→ 33], if you reverse your ticket purchase in the ÖBB app despite demonstrably having used it, in accordance with Section A.3.2.1.3. [→ 9]

A.3.2.2.4. All information required for the payment of the penalty fare can be found on the receipt. Here, you will also find the contact data for the person you can contact in writing if you want to object to the penalty fare.

A.3.2.2.5. Please contact us within 14 days with a justified objection to the penalty fare or transfer the due amount. If we receive neither an objection nor the payment from you within this period, we will send you a reminder. This effort will result in additional costs for you as specified in Section E.1.6. [→ 33], which you will need to pay, as well. After this, you have another 4 weeks to file a justified objection against the penalty fare or to transfer the due amount. If you do not respond to our reminder within 4 weeks, we will forward our outstanding receivables to a debt collection agency.

A.3.2.2.6. If you do not provide your personal data and address or refuse to accept the receipt, we can expel you from the train.

A.3.2.2.7. Travelling without a valid ticket is an administrative offence. We are entitled to report it to the authorities as provided for by statutory provisions.

A.3.2.3. Children and adults under the age of 18 without a valid ticket

A.3.2.3.1. We do not issue a penalty fare if children and adults under the age of 18 without a valid ticket present a proof of age. In this case, they purchase a ticket with a service fee on the train, as specified in Section E.1.1. [→ 33].

A.3.2.3.2. If no proof of age can be provided or the ticket cannot be paid immediately, we will issue a claim for a penalty fare. In this case, however, the proof of age can still be submitted within 13 days. After this, we reduce the original penalty fare to the price of a comfort ticket for children or adults under the age of 18, as well as a processing fee as per Section E.1.4. [→ 33].

A.3.2.4. Passengers with disabilities without a valid ticket

- Blind passengers and passengers with a strong visual impairment and

- Passengers who, due to limited manual or mental capacity, are unable to operate a machine

A.3.2.4.3. For the passengers listed under A.3.2.4.1. [→ 9] and A.3.2.4.2. [→ 10], we also do not charge the service fee as per Section E.1.1. [→ 33] if they purchase tickets aboard the train.

A.3.2.4.4. We also do not charge a penalty fare if passengers in wheelchairs can reach their destination station more easily and without barriers by taking a detour to the booked route.

A.3.2.5. Passengers without a personalised ticket

A.3.2.5.1. If you have forgotten a ticket issued in your name or cannot present it during a ticket inspection on the train for other reasons, you have the option of purchasing a ticket without discounts as per Section A.3.1.1.2. [→ 7] from our employees on our trains. Our staff will then note your name, the type and number of your photo ID with proof of age and your birthday on this ticket.

A.3.2.5.2. With a copy of your original ticket issued in your name, you can submit the ticket purchased on the train for a refund up to 6 months after its last day of validity. If the area and period of validity of both tickets are the same, you will be refunded the price for the ticket purchased on the train after deduction of the processing fee specified in Section E.1.5. [→ 33].

A.3.2.5.3. If you cannot purchase a ticket on the train, we will charge a penalty fare as per Section A.3.2.2. [→ 9]. On the receipt, we will note that you were not able to present a ticket issued in your name. If you then send a copy of the forgotten ticket to the address on the receipt within 13 days, we will reduce the penalty fare to the amount of the processing fee as per Section E.1.5. [→ 33].

A.3.2.6. - to remain empty -

A.3.2.7. Passengers without a photo identification card

A.3.2.7.1. [→ 7] from our employees on trains. Our staff will then note your name, the type and number of your photo ID with proof of age and your birthday on this ticket.

A.3.2.7.2. If you do not purchase a ticket on the train, we will charge a penalty fare as per Section A.3.2.2. [→ 9].

A.3.2.7.3. Since we cannot determine your identity at any time, we will not be able to refund your payments made as per Section A.3.2.7.1. [→ 10] and A.3.2.7.2. [→ 10] geleisteten Zahlungen.

A.4.2. Bicycles

A.4.2.1. How you can take your bicycles along

A.4.2.1.1. You can take one bicycle per person along. Your bicycle may also have an electric auxiliary drive, if the maximum design speed is 25 km/h. We do not take along vehicles powered exclusively by electricity. Folded scooters are not included in the bicycle category, even those with an electric drive. The dimensions of these scooters must correspond to the ones specified in Section A.4.1.1.1. [→ 14] On trains as per Section A.4.2.1.5. [→ 16], you can also take bicycle trailers along. Please remove your luggage from the bicycle. In addition to their bicycle, a person can also take a bicycle trailer along, for which another ticket and reservation for bicycles must be purchased.

A.4.2.1.2. The battery must be firmly mounted on the bicycle when it is taken along on the train and must not be charged or used as a power bank or otherwise. For the battery, the same regulations apply as for bicycles. Faulty batteries and vehicles with faulty batteries are not allowed to be taken along on our trains. Please be sure to comply with the provisions of the Austrian Act on the Transport of Dangerous Goods.

A.4.2.1.3. On long-distance and night trains, please make a reservation for your bicycle. Without a reservation, we will unfortunately not be able to transport your bicycle.

A.4.2.1.4. On all our trains that offer bicycle transport, we can take bicycles with the following maximum dimensions and a maximum weight of 30 kg along:

- Bicycle length of up to 185 cm
- Bicycle height of up to 110 cm
- Bicycle width of up to 60 cm
- Wheel diameter of up to 28 inches (74 cm) and wheel width of 4.2 cm

On all our trains where we offer the transport of bicycle trailers, we can take along bicycle trailers with the following maximum dimensions:

- Trailer length (without support bar) of 110 cm
- Trailer height of 100 cm
- Trailer width of 90 cm

- A.4.2.1.5. On our long-distance trains which include carriages with special luggage compartments, we can also take larger bicycles and bicycle trailers along. You can find out which long-distance trains include these special carriages from the ÖBB ticket counters or the customer service at +43 5 1717. There, you can also reserve a space for your bicycle in this carriage. On all other trains, we are not able to transport bicycles that exceed the dimensions described in Section A.4.2.1.3. [→ 15] due to the limited space available.
- A.4.2.1.6. Please park your bicycle and bicycle trailer only in the area provided for this purpose, and please observe the provisions of Section A.4.1.2.3. [→ 14] If bicycles are too large or if there are too many bicycles/bicycle trailers or bicycles/bicycle trailers without reservations, so that passageways, doors, escape routes or safety installations are blocked, thereby endangering the safety of all passengers, we must have them removed from the train. If we are not able to identify the owner, we hand over the bicycles and bicycle trailers to the station staff, and they can be picked up at the lost and found office in Austria. Always follow the instructions given by our employees.
- A.4.2.1.7. Please always load your bicycle yourself. In the carriages with special luggage compartments for bicycles, our train attendants will assist you during loading, if necessary.

A.4.2.2. Supervision and liability

- A.4.2.2.1. Bicycles and bicycle trailers are hand luggage. Therefore, please keep an eye on your bicycle yourself and secure it accordingly.
- A.4.2.2.2. With regard to the following circumstances, we are exclusively liable as specified in Section A.7.1.1.1. [→ 20]:
- Damage to the bicycle
 - Theft or loss of your bicycle
 - Personal injury caused by your bicycle
 - Dirt on other passengers' clothing or items caused by your bicycle

A.4.3. Animals

A.4.3.1. General

- A.4.3.1.1. Small and harmless animals can be taken along free of charge in closed and safe containers, provided that the containers comply with the provisions of Section A.4.1. [→ 14].
- A.4.3.1.2. You do not need a container for your dog if it is secured with a muzzle and leash. In this case, however, your dog needs a ticket, as specified in Section B.1.1. [→ 22]. Your dog may only sit on the floor, supervised by the dog owner.
- A.4.3.1.3. In accordance with Sections A.4.3.1.1. [→ 16] and A.4.3.1.2. [→ 16] you can take your animal along in the compartments of sleeping and couchette cars if you have booked the entire compartment.
- A.4.3.1.4. In the event that your animal poses a risk to the well-being and health of fellow passengers or our employees due to a disease, our employees are authorised to deny you and your animal access to our trains.

A.4.3.2. Supervision and liability

- A.4.3.2.1. Regarding the supervision and liability with respect to animals taken along, the provisions of Section A.4.1.3.1. [→ 15] apply mutatis mutandis.

A.5. Your rights in the event of a delay or the cancellation of a train

A.5.1. Compensation for delays

A.5.1.1. Compensation for delays for long-distance and night train tickets

A.5.1.1.1. In the event of a delay of 60 to 119 minutes, you will be refunded 25 % of the ticket price. For delays of 120 minutes or more, you will be refunded 50 % of the price.

A.5.1.1.2. If you have a round-trip ticket, we calculate the compensation for a delay that occurred either on the outward trip or on the return trip based on the respective share of the fare. If the contract of carriage was concluded for a round trip, the compensation for a delay that occurred either on the outward trip or on the return trip is calculated based on half of the fare paid. Similarly, the price of a delayed service offered under any other contract of carriage comprising several successive route sections will be calculated pro rata to the full price.

A.5.1.2. Under what circumstances will you not receive a compensation for delays?

A.5.1.2.1. You are not entitled to a compensation for delays if:

- you are informed about possible delays prior to buying your ticket
- you can continue your journey with another means of public transport or on another route and therefore arrive at your destination with a delay of less than 60 minutes.

A.5.1.3. Where can you receive the confirmation of delay?

A.5.1.3.1. You can obtain a confirmation of delay:

- directly from the train attendant of the delayed train
- up to 2 days after the trip at oebb.at. For this, please enter the train and the date into our electronic timetable information system Scotty, and print out the displayed confirmation of delay.
- up to 7 days after the trip at any ÖBB ticket counter in Austria
- after 7 days, you can obtain a confirmation of delay from the ÖBB customer service at +43 5 1717 or at www.oebb.at/kontakt.

A.5.2. Assistance in the event of delays and train cancellations

A.5.2.1.1. If we have a delay of more than 60 minutes, we will take all reasonable and appropriate measures, if available or reasonably obtainable, to remedy your situation. Please contact the ÖBB customer service in writing.

A.5.2.1.2. If the train you are travelling on stands still on a route section for more than 60 minutes, we will do everything we can to take you to a nearby station or your destination station as quickly as possible.

A.5.2.1.3. If you can no longer continue your journey on the same day or by 3:00 a.m. on the following day – due to train cancellations, delays of more than 60 minutes or because you missed the last connection due to our delay – you have the following options:

- We can reimburse your hotel costs up to € 80.00, as well as costs for the trip between your hotel and the train station up to € 50.00.
- We offer you to continue your journey by another means of transport, e.g. by taxi, and will reimburse you for this with an amount of up to € 50.00.

A.5.2.1.4. Based on a case-by-case examination, ÖBB can reimburse higher costs if there are substantial reasons. A substantial reason would be, for example, if it is impossible for passengers with limited mobility and their companions to continue their journey on the same day.

A.5.3. Reimbursement in the event of a train cancellation or a delay

A.5.3.1.1. If it can be reasonably assumed that you will reach your destination station more than 60 minutes late or not at all, you can choose:

A.5.3.1.2. You choose:

- Either we will refund the fare for the route you will no longer be travelling free of charge. In this case, in accordance with the contract of carriage, the fare for the route you have already travelled is deducted from the fare for the entire route. If applicable, we will also refund the fare for the part of your journey which you have already taken but which has now become pointless. In this case, we will also refund the fare for your return journey to the point of departure.
- Or you can continue your journey with your existing ticket at the next opportunity or at a later point in time at no additional cost, if necessary following a different route.

A.5.3.1.3. In particular, you can reasonably expect a delay or a train cancellation as per Section A.5.3.1.1. [→ 18] if we inform you about it via one of the following information channels:

- timetables and posted information on timetable changes at train stations
- electronic displays and loudspeaker announcements on trains and at stations
- timetable information provided by the booking systems of our sales points
- timetable information provided by the booking systems of our sales points [oebb.at](https://www.oebb.at).

A.5.3.1.4. If you choose to continue your journey with one of our trains at the next opportunity or at a later point in time or return to your original point of departure, we will alter the ticket: for a different comfort category, another ÖBB train or a longer period of validity.

A.5.3.1.5. Upon request, we will certify the missed connection, the delay or the cancellation of the train.

A.5.4. How you can obtain your compensation for delays or refund

A.5.4.1.1. If you are entitled to compensation or a refund according to Section A.5. If you enclose copies with your application, we will check at the ÖBB ticket counters whether they match the original documents. If they match, the copy and the original will receive a submission note.

A.5.4.1.4. Please observe all tax regulations related hereto. For tickets marked “does not grant right to deduct input tax”, we also require the original invoice or certificate for the input tax deduction for reimbursement.

- A.5.4.1.5. Our ÖBB service centre for passenger rights will check your application and tickets and determine whether your claim for compensation is legitimate. You have the choice between a voucher and a cash refund. The cash refund will be transferred to your account without any deductions. Both will take place within one month. If you choose a voucher, we will send it to you. The voucher is valid for 10 years from the date of its issue and can only be redeemed at ÖBB.
- A.5.4.1.6. For tickets which you paid by credit card, we will refund the amount to the credit card.

The compensation includes the costs reasonably incurred by the passenger in connection with the overnight stay and with the notification of the persons expecting him or her.
- We are exempt from this liability if the cancellation, delay or failure to make connections is due to one of the following causes:
